

# MANAGED SECURITY SOLUTIONS FOR YOUR EVOLVING NEEDS

Giving you peace of mind to focus on your business

In today's world, with mobile workforces, volumes of connected users and devices, hybrid combinations of on-premises and cloud infrastructure, and a myriad of tools that don't communicate with each other. IT teams face more demands than ever, often resulting in security gaps that leave you vulnerable.

With the ever-evolving digital landscape, cyber security threats continue to grow, which would negatively impact your operations and bottom line. Our security experts provide leading-edge security solutions that will help keep you safe and secure in a risky world.

## Security Solutions For Your Enterprise

- 24/7/365 Security Operations Center
- Managed Detection & Response
- Vulnerability Assessments
- Penetration Testing
- Web & Mobile Application Testing
- Network Risk Assessments
- Cloud Security
- Employee Cybersecurity Awareness Training
- Copilot for Security Assessment

**Microsoft Engagements:** One-on-one workshops to make the most of your Microsoft technology deployment, including: Threat Protection, Sentinel, Cybersecurity Assessment, and Data Security.

**Managed Extended Detection & Response (MXDR):** With our Bulletproof 365 Enterprise, you can make your organization and data as secure as it can be with intelligent MXDR security powered by Microsoft 365 and Microsoft Sentinel.

**“After we understood that we were indeed attacked we had Bulletproof on site and ready to support us in containment. When Bulletproof came on site, it was like they were part of the team; instant connection, working with them side by side.”**

Stephanie Rackley-Roach, Chief Information Officer, City of Saint John

**Over 80% of companies with a high incidence of security alerts only have the resources to investigate 5% of these threats—or fewer.**

**Microsoft Assessments:** Access customized assessments that will help address your challenges around various Microsoft technologies. Solutions include:

- Microsoft 365 Security Health Check Assessment
- Microsoft Azure Security Assessment
- Microsoft Sentinel Accelerator
- Enhance Identity Security with Entra ID P2
- Securing AD DS with Microsoft Defender for Identity
- Copilot for Microsoft 365 Readiness Assessment

# Comprehensive Solutions To Meet Your Business Needs

Our experts support various industries of all sizes with their IT, security, and compliance challenges. We provide a comprehensive suite of services tailored to help you achieve your business objectives.

## Compliance & Audits

Whether you need to meet security standards or demonstrate proper data governance for audits, it's essential that you protect the confidentiality, integrity and availability of your data. We offer services to help you save money and remain in compliance. Solutions include but are not limited to:

- CIS Controls
- Information Management
- Data Privacy
- Compliance Assessments
- CMMC
- ISO 27001
- NIST Standards
- MARS-E
- PCI:DSS
